Re: Eklutna Hydroelectric Project Draft Hydropower Operations Modeling

Dear Ms. Owen:

Thank you very much for providing the Anchorage Water & Wastewater Utility (AWWU) the opportunity to review and comment on the Draft Hydropower Operations Modeling Study of the Eklutna Hydroelectric Project 1991 Fish & Wildlife Agreement Implementation. AWWU has no comments on the Draft Hydropower Operations Model at this time. AWWU's primary concerns are its water rights, the protection of AWWU's infrastructure, and access and maintenance issues.

AWWU looks forward to continuing working with you on this project, and to the reintroduction of salmon into their natural habitat.

Respectfully,

Alex Prosak, P.E.  
Civil Engineer II
